

Journeyman/Master NEC Exam

Workshop

Show your expertise. Advance your career.

Instructor: Jeremy Hodges, MS, ME, OSHS

The NEC Journeyman and Master Exam Preparation Workshop builds the skills and confidence needed to pass electrical licensing exams. Participants sharpen code navigation, master key calculations, and practice with realistic NEC-based questions covering services, grounding, motors, and more—all focused on speed, accuracy, and effective test strategy.

- This class is free for IBEW Local 305 members
- Sign-up here <https://fortwayneelectricaljatc.org/events/> by Jan. 5th, 2026
- Code Workshop beginning **Feb. 4th**, 4:30pm to 8:30pm, and repeating the 1st Wednesday of each month.
- Optional monthly full-length practice exams on the 3rd Wednesday of each month, 4:30pm to 8:30 pm.
- Students will be responsible for bringing the 2023 NEC, calculators, notebooks and other misc. materials. A laptop is helpful but not required.

Course Objectives:

- Equip participants with an understanding of the structure and content of the NEC.
- Reinforce proper code navigation techniques and reference skills.
- Provide guided practice through realistic ICC exam-style questions.
- Prepare for ICC exam procedures.

Available to:

- Local 305 members with current JIW licenses
- CE/CW and JIW's whose JIW licenses have lapsed
- Only 20 spots are available.
